

Model# REHB0309-1

REVO ELITE HD

PRODUCT SPECIFICATIONS

- Image Sensor: 1/2.8" Progressive scan RGB CMOS
- Resolution: 2 Megapixel ; 1080p
- Picture Elements: 1920(H) x 1080(V)
- Lens: 3~9mm Motorized Vari-focal, F1.2, DC IRIS
- Number of IR LEDs: 32
- Night Vision Range: 100'
- Min Illumin: 2.5 Lux Color; 0.0 LUX B/W (F1.2, 50IRE with IR on)
- Video Compression: Motion JPEG ; MPEG-4 ; H.264
- Video Resolutions: 320x240 ~ 1920x1080
- Frame Rate: 30fps @ all resolutions
- Video Streaming: Simultaneously H.264 (or MPEG-4) and MJPEG
- Protocol: TCP/IP, UDP, IPv4/v6, HTTP, HTTPS, QoS, FTP, SNMP, UPnP, RTP, TRSP, RTCP, DHCP, ARP, Zeroconf, Bonjour
- Security: Multi-user authority, HTTPS, IP Filtering, Privacy Zone
- API Programming Interface: API Supported, Open Platform Compatible: ONVIF
- SD Recording: Yes, Continuous/Schedule/Event
- Installation Tool: Smart Manager, REVO REMOTE PRO HD
- Ethernet: RJ-45 10Base-T/100BASE-TX
- Housing: Weather-proof IP66-rated housing
- Power Consumption: DC12V/PoE 700mA
- Power Supply: DC 12V / POE IEEE 802.3af Class0

FEATURES

- **Brilliant Video Quality** : 2 Megapixel Full HD resolution
- **Dual Streams**: The Network Camera can deliver dual video streams simultaneously at full frame rate in all resolutions up to Full-HD (1920 x 1080p) using Motion JPEG and H.264 (or MPEG-4). This means that several video streams can be configured with different compression formats, resolutions and frame rates for different needs.
- **Image setting adjustment**: The Network Camera enables users to adjust image settings such as contrast, brightness and saturation to improve images before encoding takes place clear images even in dark environments
- **Intelligent Video capabilities**: The Network Camera includes intelligent capabilities such as enhanced video motion detection. The network cameras' external inputs and outputs can be connected to devices such as sensors and relays enabling the system to react to alarms and activate lights or open/close doors
- **Easy Focus**: Easy Focus will be activated once the camera switches to day/night mode and the focus readjusted automatically
- Focus & Zoom Control via the Network
- Micro-SD recording Support
- **Improved Security**: The Network Camera logs all user access, and lists currently connected users. Also, it's full frame rate video can be provided over HTTPS
- **ONVIF compatible**: It allows interoperability between different vendors network products

Intelligent Surveillance. Innovative Technology.

COMPLETE VIDEO SECURITY SYSTEM FOR YOUR BUSINESS OR HOME.
